We created this wordsearch to celebrate Alice in two phases. The first version was a 27 x 27 puzzle that contained 85 words that come to mind when we think of Alice. We asked everyone to add in some other words that came to mind. Then we added those additional 25 words into the first puzzle manually to create Version 1+ which grew to 31 rows by 27 columns.

We also regenerated a new one with that combined list of 110 words. The new autogenerated Version 2 came out at 31 x 31. We hope you enjoy them both.
